Cherry Chocolate Upside-Down Cake

Spray 9 x 13 pan with non-stick spray and sprinkle miniature marshmallows over bottom of pan.

In small bowl, mix together 1 large can of cherry pie filling and 1 small pkg of cherry jello — pour over marshmallows and spread evenly.

Mix chocolate cake mix according to directions on package and pour over cherry mixture.

Bake as instructed on cake box for 9 x 13 pan and until toothpick comes out clean from center of cake. (seems to take longer than box says).
